

**Conversion chart note:** There are far more color choices and color variations within the Copic Sketch line than any other marker or colored pencil brand. Because of this, you may find in the alternative brands, the same colors are listed for different Copic marker colors. Unfortunately, there are often no direct color correlations from Copic to another brand. I've included a color swatch for each Copic color so you can make the best decisions based on what you actually have on hand.

| <b>“EVERY LITTLE PIECE”<br/>COLOR CONVERSION CHART</b> |  |                                  |
|--|--|----------------------------------|
